#### NEW CENSUS OF POPULATION AND HOUSING SERIES

The Census Bureau is issuing a new series, not previously announced. Due to the popularity of the Supplementary Report PHC80-S1, Provisional Estimates of Social, Economic, and Housing Characteristics, a new related series will be issued by state. The new series, Advance Estimates, Social, Economic, and Housing Characteristics will be designated PHC80-S2. It will be classed C 3.223/21-2: (nos.) and will be distributed to depositories under Item 156-M (by state). It will be distributed in paper only. The first report, Rhode Island, is now being printed.

INTERLIBRARY LOAN REQUEST

The Library Division of the Library and Statutory Distribution Service is not a library in the usual sense of the term and cannot honor interlibrary loan requests that it receives.

The Library and Statutory Distribution Service is responsible for the production and distribution of the MONTHLY CATALOG OF UNITED STATES GOVERNMENT PUBLICATIONS. The documents cataloged for this publication are entered into OCLC. The appearance of the GPO holding symbol on the record leads some OCLC users to conclude that the documents are available for interlibrary loan. The documents we catalog are regularly transferred to the National Archives, which houses a large retrospective documents collection.

Although the National Archives does not provide interlibrary loans, it does produce both microform and photocopies for a modest price. Should you be interested in their service, you may write to:

Printed Records Branch  
National Archives and Records Service  
Washington, D.C. 20408

It is also possible that copies may be available from the issuing agency, or possibly on loan from:

Interlibrary Loan Section  
Library of Congress  
Washington, D.C. 20540

Please forward this note to all interlibrary loan personnel and clarify any misunderstandings as to GPO's ability to fulfill their requests.

JOB OUTLOOK IN BRIEF

THE JOB OUTLOOK IN BRIEF is normally issued as a separate publication; however, this year it is contained in the Spring 1982 issue of OCCUPATIONAL OUTLOOK QUARTERLY, (Class. L 2.70/4:, S/N 029-001-72266-4, \$2.75) which was mailed on shipping list # 17,272.

Since the Spring 1982 OCCUPATIONAL OUTLOOK QUARTERLY supersedes the JOB OUTLOOK IN BRIEF 1980-81, Class.# L 2.70/4 a:J575/980, it will be retained by Sales for two years.

Please make a note of the above information so you do not look for nor claim the title JOB OUTLOOK IN BRIEF 1981-82.

DID YOU NOTICE ? ? ?

Publications are now being shipped to you in a larger carton.

The new carton was designed to save money on postage and to eliminate the number of pieces of mail you and your staff are required to handle.

Please direct any comments you might have to Carl Redd, Chief, Depository Processing Branch.
